

Submitter: Anne Eldridge

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB530

Natural Climate Solutions are a win-win for Oregon's climate and for farmers, ranchers, forest owners, and entire communities across the state: The same practices that sequester and store carbon also make our lands and waters more resilient to climate-fueled drought, wildfires, and extreme temperatures.

By investing in Natural Climate Solutions, SB 530 will both help address climate change and make our natural resource economy more resilient in the face of ever-worsening climate impacts.
