

Submitter: karen schmidlin  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB2585

Hello Members of the Committee,

Please accept my letter of support of HB 2585. Oregon's current Motor voter law, which automatically registers people to vote when they do business with the DMV. This registers people who may not actually be qualified to vote, and inflates our voter rolls, which creates more opportunity for fraud. People who want to register to vote should do that for themselves. Only legal Oregon citizens should be registered to vote. The DMV gives driver license to people who are not legal citizens, why would we create this opportunity for fraud?

Most Sincerely,  
Karen Schmidlin
