Measure: HB2585

We canvassed finding people who moved from the residence over 5 years ago. We had voters who did not get to vote because DMV put their party in NAV status, we found addresses without homes , residence, no one to be found, and voted, we found ballots mailed to residence of those who were deceased. We also want clerks to be responsible for registering or political party to help clerks register people. We want government offices to stop doing the registration. We want medical clinics stop registration and do what they do best, taking care of patients. This entire process with ERIC violates NVRA. Fire ERIC. Oregon does not need to pay that much of our tax dollars for a useless entity.. ERIC caused a law suit with Judicial Watch and so did our SOS noncompliance to NVRA. SOS should be fined for derelict of duty.
