Measure: HB2585

I support the passing of HB 2585 I feel it would reduce the opportunity for those who choose to commit voter fraud in our elections. Motor Voter opens the door to non citizens casting a vote in our elections. I registered to vote in high school with Mr. Bob Hancock my Social Studies teacher, I was engaged. Voting takes engagement and making informed decisions, it should not be handed to those who are not engaged in the process. Let's get back to in person voting securing elections for those who are actually fully engaged in selecting our representatives.
