Measure: HB2458

My name Evelin Molina Dacker and I support House Bill 2458.

As an Integrative Primary Care Physician in Salem Oregon since 1996 I have worked to provide high quality family care that is sex positive and affirming for folx of all genders and sexual orientation. I see first hand how important it is to integrate sexual health within primary care. I support this bill because I believe that conversion therapy is unethical and harmful. My life work is to create a safe space for LGBTQIA youth and adults helping people through illness, trauma and life transitions. By passing this bill we can ensure a safer medical and therapeutic experience for ALL Oregonians.

Sincerely,

Evelin Dacker, MD
