

Submitter: Lon Beale  
On Behalf Of:  
Committee: Senate Committee On Judiciary  
Measure: SB754

For the last 23 years the liability waiver has been the main protection to run our sports rental business. We are too small an activity to even get insurance companies to consider us. They just want to insure the main sports not a nitch sport. With out the liability waiver we are done. Liability waivers are the most common rental form in most states. We are very disappointed that Oregon has chosen this path. This bill will damage not just rental business but ALL activities and sports. It's a bad bill.
