TO: Chair Marsh and Committee Members

RE: **OPPOSITION TO HB3158** Relating to engine emissions; prescribing an effective date; providing for revenue raising that requires approval by a three-fifths majority.

**Wilson Construction Company firmly opposes HB 3158. This bill will place onerous taxes on much needed equipment in our fleet used to maintain critical electrical infrastructure in our state.**

**Please Oppose HB 3158.**

Sincerely,

Tony Helbling

Logistics Manager  
Wilson Construction Company
