

Submitter: DEBRA SIEG

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3158

Vote "No" on this HB3158 ---- The added expense will trickle down through farm operations to increased costs for food. This bill imposes a laundry list of taxes relating to engine emissions that would make farming or owning or operating any kind of heavy equipment in Oregon more expensive. This is a very BAD BILL !!!
