

Submitter: Kathleen Filip  
On Behalf Of: SB 704  
Committee: Senate Committee On Health Care  
Measure: SB704

It's critical to pass SB 704, which establishes a Governance Board. We need everyone covered by health care in Oregon. Many homeless people are on our streets due to medical debt and have no access to affordable, equitable health care.

Thank you for your attention to SB 704.
