Committee: Senate Committee On Health Care

Measure: SB704

Single payer Healthcare has never delivered quality care wherever it's been tried and has led to higher taxes. The People of our state still have vivid memories of the disastrous roll out of its version of Obama care, and the money pit it was. This bill if passed will also cause good providers to leave the state due to low reimbursement for services. This is a bad idea all the way around. Ditch this turkey!
