

Submitter: Mary Blankevoort

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB530

To the Senate Committee on Natural Resources:

I fully support SB 530. We must do both: 1) Increase our ability to resist and adapt to the inevitability of some unfortunately unavoidable climate change, and 2) Work to improve natural climate solutions on public lands, agricultural operations, small farms and forests, and State forests.

Sincerely,

Mary Blankevoort
