Committee: Senate Committee On Health Care

Measure: SB704

Please support SB 704. When my son was born, for some reason, the insurance was not going through and all of his new born appointments were delayed. And he got a virus which could have killed, thank God that was not the case but had their been health care for all of Oregon, my son would have never got an infection that was pretty deadly for his age group. I support SB 704 100%.
