

Submitter: Kathleen Boylan

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB530

I watched and listened to this morning`s excellent testimony from small forest owners, ranchers, farmers, vineyard owners and multiple state wide conservation groups to which I am an active member. I am writing to add my **STRONG SUPPORT** for passage of SB 530 and the protection of forests, wetland, drinking watersheds and grasslands.

Thank you
