Committee: House Committee On Behavioral Health and Health Care

Measure: HB2458

I would like to submit testimony in support of HB 2458. I am an LCSW in Oregon and work with a diverse community of people. Conversion therapy is unethical and harmful particularly to members of the LGBTQIA+ community. Conversion therapy goes against the ethics of the mental health field. There is absolutely no clinical reason to practice conversion therapy and I am in full support of HB 2458.
