Submitter: Elma Overby

On Behalf Of:

Committee: House Committee On Rules

Measure: HB2107

I oppose HB 2107. Problems arise when people do not take responsibility for there own registration. Automatic Voter registration causes issues with bloated voter roles. Which then become dirty Voter Roles. It creates the possibility where a citizen might not know they are registered and voting. It's can become an easy cheating mechanism for nefarious actors to take advantage of. Please stop thus Bill thank you
