

Submitter: Thomas Karwaki

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3158

The University Park Neighborhood Association's Board supports HB 3158 as proposed and submitted. This is an important bill that will allow the funding of the Clean Engine program that reduces diesel particulate emissions. This will reduce the impact of diesel particulates on the seniors, youth and those with respiratory problems in North Portland. Now is the time to create a more robust financing mechanism for creating cleaner air in our communities.
