

Submitter: Thomas Wrisley  
On Behalf Of:  
Committee: Senate Committee On Health Care  
Measure: SB704

I urge your support for this bill.

Universal healthcare coverage is an important step in creating a society where all people, from all walks of life, can thrive.

To that end, please ensure that barriers to care that exist for marginalized groups from minority sexual, social and spiritual communities are identified, and where possible, removed from the healthcare system.

Thank you.
