

Submitter: Blu Fortner

On Behalf
Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure: HB2410

Please support this bill to help fund our local swimming pool. Swimming lessons are important for the safety of our children to learn to swim to prevent accidents in canals and rivers in our area. Our region recieved less than a fair share of state funds and this bill would help uplift our town significantly. Thank you for your attention.
