

Submitter: Jason Hinkle

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3158

When will taxation stop? People who keep creating these Bills need to step away from the city, see how normal, rural life works. Small Business, small family farms and more will have the noose tightened another inch if this passes.

Figure out how to properly spend the tax money you already rape from people, rather than continue to bleed the people for more.
