

Submitter: Cynthia Leye Bliss

On Behalf  
Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure: HB2601

CORRECTION: I misread the purpose of this bill, thinking it was to PREVENT investments that are "climate change" based. Therefore, my just submitted testimony was backwards. As a PERS retiree, I believe the treasurer's job is to make wise investments; not ones that are politically based. Thank you.
