

Submitter: Jim Harrison

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB679

What a dream to have true trail for the entire Oregon coastline! While there are many obstacles to making it 100% of the coast, the more the better. With an Oregon Desert Trail as the other bookend, the Pacific Crest Trail in between. All to bring non-motorized tourism to Oregon and make our state a premier outdoor destination.
