Re: SB 754 Recreational Liability Reform

Chair Prozanski and Members of the Committee:

I am writing to you to ask for your support in liability waiver reform. Our corporation has seen a drastic increase in insurance cost for liability coverage.

We have experienced a very difficult time even finding insurance let alone an affordable one in Oregon.

Our club provides hunting opportunities and outdoor activities to our members and guests throughout the year. We encourage youth participation to get more kids into the outdoors. This gives them experience and knowledge they only see in this environment.

Our club is planted with food crops that supply needed food for wintering ducks and geese as well as local wildlife. Eagles, song birds, beavers, and deer frequent the property.

The dangers of increased liability insurance costs as well as its limited use in our courts are very concerning. Due to this, we see a need coming to limit activities on our property.

Please do all you can to help us.

Sincerely,

Kevin Hunt

President
