

Submitter: Noel Johnson
On Behalf Of: Teacup Nordic - nonprofit
Committee: Senate Committee On Judiciary
Measure: SB754

On behalf of Teacup Nordic - a 44 year old nonprofit that works to get Oregonians into nature, exercising and building community - we wish to support this legislation that corrects the nonsensical judicial ruling issued by our Supreme Court. Teacup Nordic operates the primary venue on Mt. Hood for cross country skiing. We also are the primary programatic provider for kids learning to ski, junior racers and adults / families. We work on behalf of the public interest and without this legislation our ability to continue to serve the public is materially threatened. Please move this legislation forward without delay. Thank you, Noel Johnson - President
