

Submitter: Dr Gretchen Randolph
On Behalf Of: SB704
Committee: Senate Committee On Health Care
Measure: SB704

Insurance corporations are taking excessive profits from Oregon residents, Further they are practicing medicine with out a liscense, as they control what a provider can prescribe. Get rid of them completely, and give Oregonians an option to join a state health care system.

Gretchen Randolph, Ph.d., PMHNP
Psychiatric Mental Health Nurse Practitioner
