Committee: Senate Committee On Health Care

Measure: SB704

One of numerous reasons to oppose 704, but here is just one very practical reason: the state's IT systems are outdated and the implementation of any large-scale program will be plagued with money-losing deficiencies. Let's recall the disaster of Cover Oregon. More recently, how about the state's broken unemployment system? Oregonians suffer because basic infrastructure is broken. Fix the infrastructure before you even debate the merits of any complicated program, like 704. NO on 704.
