I oppose HB 3206 .

All these legislators in support of this bill are the same ones who take away discipline in schools, tell boys they can turn into girls, celebrate when a boy violates female spaces, and purposely dumb children down by supporting the reduction of academic standards. Kids LOVE this easy life of no boundaries & acceptance over everything even reality. All of this makes for an easy moldable child. So OF COURSE legislators want these kids to vote in school district elections.

Another thing to consider. Children in Oregon schools have been abused by the Oregon Department of Education & teachers unions. We are a national embarrassment, we don't meet any academic benchmarks, schools are taking away homework in the name of "equity", and parents seem to be placed on the back burner of importance. Until Oregon can get children to read, write, & think critically THEY SHOULD NOT BE ALLOWED TO VOTE!
