

Submitter: Jaq Kunz  
On Behalf Of:  
Committee: House Committee On Education  
Measure: HB3014

It is essential that these options are available to students and their caregivers. When I was in high school, I had friends who lived close enough to campus and had safe routes home to go by bike. I was always jealous of their freedom and ability to determine when to go home. Students deserve to be safe from cars when commuting. Children have gotten hit by cars and unfortunately passed away when biking home from school. We should be doing all we can to support students safely getting to and from school. Please support this important bill.
