Measure: HB2215

Good morning

HB 2215 (& IDENTICAL SB 676) MUST BE STOPPED ALONG WITH SB 831, a LEGISLATIVE REPEAL, & SB 832 SMNR EXEMPTION.

The law passed by Oregon voters in 1980 and MUST REMAIN INTACT!

It is time to turn away from this out-of-date dirty energy production and process and move to the obvious smart clean energy which is far more mature than in 1980 when folks originally passed this law.

DEFEAT 2215

Thank you
