

Submitter: Vicky Long  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB2694

This Bill appropriates monies from General Fund to Secretary of State for purpose of printing and counting additional ballots.

What a nightmare to administer correctly. Over 5,000 received double ballots that are known, and no amount of money will prevent fraud when the system enables it. Until the maiming of ballots to colleges and residences of same individuals is cleaned up and remedied for fair elections, this Bill should not be passed
