

Submitter: Derek Becker
On Behalf Of:
Committee: House Committee On Rules
Measure: HB2694

Members of the Committee,

I stand opposed to this ridiculous attempt to solidify power with the democrat party. The result of lowering the voting age to 16 is that the schools will now be able to further indoctrinate children. The pressure to vote according to the Teacher's union wishes will be immense. School age children have not developed enough to be able to withstand the forces that will be thrust upon them.

Please kill this resolution.

Respectfully
