

Submitter: LM DiVincent

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2215

I totally oppose HB 2215 and SB 676.

I'm against any kind of nuclear power plant being built and run in Oregon no matter what, even if we were to have an adequate repository for the disposal of the radioactive waste that was produced.

Thank you for voting no on this dangerous proposition.

LM DiVincent
