

Submitter: Candice Fuller

On Behalf Of:

Committee: House Committee On Rules

Measure: HB3206

I oppose this , as we all know when we are teenagers we are trying to figure life out and as a teenager influenced come to play because we still are trying to figure life out . A teenager should be able to enjoy being a teenager without the pressure of adult related issues as well as most teenagers do not even contribute to society because of academics and schooling . This is a wrong bill and should not even be considered .
