

Submitter: Eileen Chieco

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2215

The citizens of Oregon decided we NEVER WANT NUKES in Oregon. Nuclear power and it's radiation present the greatest danger to Humanity on Earth. It is a Pandora's Box of evil that should never be continued. Banned for all eternity.

Want clean energy? Put all of our resources into putting solar on every rooftop. Aside from safety, there are other forms of non-fossil fuel energy that are far more democratizing in terms of personal affordability. Let's put the dollars & effort into democratizing solar & wind power.
