

Submitter: David Simone

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB426

Please pass SB 426 as it's another step to protect our children on the school grounds.

Pesticide management issues must be overseen by key stakeholders - school districts need the input and guidance of the Department of Education.

End the unfunded mandate requiring adherence to the Oregon School IPM law.

Follow the 2017 Healthy and Safe schools act. Pesticides must be reported just like other hazardous chemicals such as lead, asbestos and radon.

Thank you, David Simone
