Dorrance Publishing Co, Lauriat Publishing section. Library of Congress ISBN is 979-8-88812-127-6. The E-ISBN is 979-8-88812-627-1

The publisher contract signed and textbook provided so they can start their presses. This is the only college textbook for environmental science. A Library of Congress ISBN number will be provided. It will be available on Amazon and Barnes and Noble book stores and online. Also online at Dorrance Publishing in the next month or so. The only way to lower carbon dioxide is to plant trees. The AMS and Nature Climate journals are WOKE and operate on a belief system and not an open mind peer review system. The supreme court decision against the EPA is correct. Water vapor is the 89% effect greenhouse gas. Then carbon dioxide, then ozone then nitrous and then methane. The 30 PhD's and myself who participate in expert and government review are writing a college textbook called:

Climate Crisis Changed

The Intergovernmental Panel on Climate Change (IPCC) reports are deliberate science fiction.

Chapter 1. Carbon dioxide equilibrium. NetZeroCO<sub>2</sub>E = 8.6 billion tons of photosynthesis left per year in this world.

Chapter 2. Greenhouse gases. Methane is much less effective greenhouse gas. Water vapor is largest effect.

Chapter 3. Astrophysical warming. Cooling in the south and warming in the north where 90% of people live.

Chapter 4. Residence time of atmospheric carbon dioxide. It takes 150 years for anything we do with emissions of carbon dioxide to have an effect.

Chapter 5. Statistical analysis. Carbon dioxide Emissions are not the cause of Carbon dioxide rise.

Chapter 6. NOAA Mauna Loa data and fraud.

Chapter 7. NiCE fix for Southeast USA storms. Storms stopped in 2022. Ian is from South America and not from West Africa.

Chapter 8. Global Sea rise. 1.4 mm/yr. linear and not accelerating. No reliability in NOAA Satellites.

Chapter 9. Photosynthesis issues. We have a 97% reduction in photosynthesis.

Chapter 10. Atmospheric carbon dioxide doesn't freeze in the mesosphere.

Chapter 11. NIST and photosynthesis experiment. The trees by the Oregon Zoo in Portland Oregon are consuming all the carbon dioxide from 160,000 vehicles per day.

Chapter 12. Ocean is not a sink for atmospheric carbon dioxide.

Chapter 13. The Intergovernmental Panel on Climate Change (IPCC) reports are

deliberate science fiction.

Chapter 14. Videos to watch

Chapter 15. Predatory Journals are a lie.

Our advertisement, [https://cctruth.org/Climate\\_Crisis\\_Changed.mp3](https://cctruth.org/Climate_Crisis_Changed.mp3), is on KSEV Houston TX, Monday-Sunday started on 10/10/22. It is for the book entitled "Climate Crisis Changed, The Intergovernmental Panel on Climate Change (IPCC) reports are Deliberate Science Fiction". It will be published by Dorrance publishing. The book is exclusively on cctruth.org. Click on cctruth.org to purchase the digital download for \$39.95. Donate on cctruth.org its tax deductible.

Solar Panels and Windmills are not the solution

<https://www.youtube.com/watch?v=JYHX-lb3Q5Q>

This was finished 10/15/2022 and sent to the publisher. The southeast USA storms stopped this year because of the solution in Chapter 7! IAN is from South America.

Tony Heller another hit. <https://www.youtube.com/watch?v=5RBYMH9CM5o>

Lawsuits are being filed to stop Cap and Trade. <https://cctruth.org/index.php/lawsuits/>

The lawsuits are class action. Exhibits 1 and 2 are our 23 PhD team of Intergovernmental Panel on Climate Change (IPCC) reports which are deliberate science fiction will testify. Lawsuits - Climate Change Truth (cctruth.org) The supreme court ruling against the EPA about greenhouse gases (ghg) is correct.

Water vapor is 89.4% ghg effect.

Carbon dioxide is 9.09%

Ozone is 0.88%

Nitrous Oxide is 0.32%

Methane is 0.29%
