

I OPPOSE [SB 835]...Just take a wild guess who sponsored the "poopy" scam?

Taken from the "**Summary of [SB 835]**, Directs Environmental Quality Commission to adopt rules authorizing single-family dwelling and accessory dwelling unit constructed on same lot or parcel to be permanently connected to same subsurface sewage disposal system or alternative sewage disposal system."

Looky what is going on here.

Port Orford wants more vacation accommodations so, what better opportunities exist in both rural and municipal housing lots? It's time to add "Accessory Dwelling Units" once called "granny-shacks."

The aforementioned will also apply to rural Oregon. Increasing vacation homes, traffic, on narrow, winding roads and the favorite topic of, the Dufus from Port Orford, the increased probabilities of wildfires.

One little bitsy item not discussed in **[SB 835]**, if Enrolled, is whether a Municipality's Publically owned Treatment Works (POTW) more colloquially referred to as sewage treatment plants" will be able to treat the increased flows as the popularity of the "vacation homes" expands.

Let us not forget rural Oregon. There are some jurisdiction's POTW are reaching or have reached their treatment capacities and will start, if not already, to refuse septic haulers to dump their loads (no pun intended).

*A sidebar comment is required, the discharge limits on a municipality's National Pollutant Discharge Elimination System (NPDES) permits are going to become more restrictive and then what?

The diabolical aspects of **[SB 835]** refers to the capacity of the, "...subsurface sewage disposal system or alternative sewage disposal system." This language is intentionally vague and ambiguous, a property owner could put up a 2,000 bed hotel (or even bigger) if the "sewage system" could handle the flows. Mind you, **[SB 835]** mentions absolutely nothing as to the treatment capacity of the local POTW.

So...How are you going to Vote for the "Port Orford" sewage rodeo?

Remember, "He who smelt it...dealt it."

David S. Wall

Mr. Oregon Concur...Port Orford needs throw the Bum out.
