

I OPPOSE [SB 607]...

From the "Summary of **[SB 607]**: Requires Oregon Health Authority to study membership of Pain Management Commission. Directs authority to submit findings to interim committees of Legislative Assembly related to health not later than September 15, 2024."

If there ever was a reason (amongst many others) to either close down OHA or change the management regime at OHA, **[SB 607]** is just cause to do either.

"Too little too late" is OHA's war cry. Sure Opioids cause addiction but, Fentanyl is killing people daily.

Doesn't OHA have Doctors and Pharmacists to come up with a "Pain Management Plan?"
