

Submitter: Jennifer Wilde

On Behalf
Of:

Committee: Joint Committee On Ways and Means Subcommittee On Natural
Resources

Measure: SB5521

Dear Joint Subcommittee on Natural Resources,

On behalf of Adventures Without Limits, I am writing to express my support for the recommended budget for the Oregon State Marine Board. Adventures Without Limits is a certified guide/outfitter in the State of Oregon, serving our state's diverse stakeholders through adaptive and inclusive outdoor recreation programming. AWL's mission-driven programs have been financially supported by the Waterway Access Grant in order to increase access to non-motorized boating for underrepresented communities. This funding support, as well as information and infrastructure provided by OSMB, such as ADA accessible docks, has been substantially impactful in Adventures Without Limits' service to community.

It is my hope that the Oregon State Marine Board will be funded for the full recommended budget, in order to continue our work and partnership together.

Thank you for your consideration and support,

Jennifer Wilde
Director of Outreach & Development
Adventures Without Limits
