Committee: House Committee On Rules

Measure: HB2694

When I was 17, comfortably living at home, with no bills, provided 3 square meals, comfortable bed, barely have had travelled, not watching the news. I was in NO position to get involved in politics, let alone vote. Schools are training activists instead of teaching them Math and English! And those behind this measure are hoping they then go and vote. There is a specific agenda behind this measure and we all see it. How about kids just be kids. This IS a slippery slope giving children the mistaken impression that they are adults and that laws don't matter.

Thank you
