Measure: HJR20

I oppose this bill.

Why? Youth today are not properly educated in understanding our constitution and republic, they're not permitted to drink alcohol until 21, or conceal carry a firearm. If we aren't educating them properly to make decisions for the long term and good of our republic, and if we don't trust them to drink or carry firearms, what makes us think they will vote with critically and not solely on feeling and how it benefits them in the short term?

Focus on a better education, not getting more votes.
