Measure: SB14

I am a resident of a small town in northeastern Oregon. i travel frequently to the west side of the state and have very much missed the rail service. There is only one Greyhound bus scheduled per day, which recently removed the southbound transfer service I used to use from Portland to Corvallis. I support bringing rail service back to our side of the state, and know it would be welcomed and used frequently by myself, friends and family.

Thank you,
