

Submitter: NW Coast Range  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HJR20  
HB 2694 HOUSE COMMITTEE ON RULES

Opposed to lowering the age to vote in any election to 16 years of age from 18 years of age.

The human brain does not mature until age 25+ years of age, although the legislature for unknown reasons is bent to believe that voting age should be changed throughout the spectrum of age qualifications to vote, currently at age of 18.
