

Submitter: NW Coast Range

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB2662

Portland & Western Railroad extension is conflating an already bankrupt negative ridership line to increase WES Commuter Rail line of service to Salem is ludicrous.

Do not waste the taxpayers money, if a train line is not self-supporting why in the h*ll would the legislature be considering multiplying the tax burden onto all Oregon citizens.

Is it government doing its best to strap Oregonians with failed outcomes exacerbated?
