

Yes on House Bill 2001-8

Stable Homes for Oregon Families is a coalition of housing advocates, labor unions, education and health professionals, businesses, and citizens who believe in the stability of home. We are a diverse coalition of people and organizations that recognize Oregon's opportunity to help solve the housing crisis and secure our future.

We urge swift passage of HB 2001-8 as a bipartisan, bicameral bill that brings parties and people together as a step forward in addressing the housing crisis in our state. HB 2001 will enhance Oregon's ability to reduce youth homelessness, create innovative approaches to addressing housing supply barriers, and provide reasonable and critical measures to help prevent eviction-caused homelessness. The bill reflects the urgency of the crisis that too many Oregonians are living with due to lack of housing, inadequate services, and eviction statutes designed for displacement instead of stability.

Thank you for fast action on this package as a critical step to help our communities respond to the crisis of homelessness and to improve stability and safety for individuals and families across the state.
