

Submitter: Seth Dryden  
On Behalf Of:  
Committee: Senate Committee On Judiciary  
Measure: SB422

As a motorcyclist that rides in urban portland I would like to obey the law and be safe while in traffic. I support SB422 so that I can slowly and safely filter between cars at slow speeds to avoid being rear-ended at a stop AND reduce congestion at the same time. Please contact me if you have any other questions.
