Measure: SB422

I am a motorcyclist. Please support SB422. I was rear-ended last year at on an ramp waiting for the light, waiting behind several cars. It was stop and go traffic (one car allowed at light at a time), and the person behind me was not paying attention. He rear ended me and luckily I was okay and that this was not at highway speeds. If SB422 passes, this will allow me to lane filter on the highway and help me get home safely. SB422 will help with traffic congestion as well since I won't have to be waiting behind a car or truck. Thank you for your time in reading my testimony.
