

Submitter: Ron Pringle

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

I am a 64 year old lifelong motorcyclist, starting 55 years ago. I have ridden all over the world, including California, where lane sharing is now legal.

I firmly believe that lane sharing is beneficial to decreasing Oregos traffic congestion; if motorcyclists can get off the road sooner by lane sharing, car drivers can get home that much faster. When motorcycles lane share, the line gets shorter for everyone.

It would be fantastic if you, our elected officials could help to decrease traffic delays by passing SB-422
