Measure: SB422

I am a motorcyclist. Please support SB422. I haven't been riding long, but I have been stuck in bumper to bumper traffic on Eugene/Springfield highways in the summer. It's uncomfortable and hot and difficult to move small distances at a time. There's always room to get through in between traffic, and I've even had cars try to wave me through, but it is currently against the law to take the center lane.
