

Submitter: Ian Andersen
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB422

As an avid motorcycle rider I am very supportive of lane sharing in Oregon. There is so much evidence that shows lane sharing is advantageous for everyone involved, and although it will be an adjustment for drivers it is worth implementing and getting them adjusted to it. Traffic will improve, and riders will be more safe and able to avoid rear end collisions.

Please help motorcycle riders stay safe by allowing us to lane share.
