

Submitter: Robert Weeks  
On Behalf Of:  
Committee: Senate Committee On Judiciary  
Measure: SB422

I deeply support SB 422. I'm 58 years old, have been riding motorcycles all my life, including commuting to work.

The bill is so restrictive the way it's written, I think it would be a benefit for motorcycle commuters. We wouldn't have to worry about getting rear ended.

Remember, even a slow speed "fender bender" on a motorcycle can result in broken bones. Being able to just keep moving would be a lot safer for us.
